Australian United Retailers Limited (AURL)

AURL today reported a consolidated profit of \$1.7 million for the year ended 30 June 2018 (FY17 consolidated profit after tax was \$2.4 million). The decline was due to the inclusion of a 53rd week in the prior period comparative and costs associated with the commencement of the supply chain review

AURL's CEO, Mr Rick Wight said "It was pleasing to see the business deliver another strong result in a highly competitive and challenging market. The implementation of a retail format approach that better meets the needs of individual retailers, has greatly assisted in optimising both sales and profitability of our retail network and the business".

The Board today was pleased to declare a fully franked final dividend of 3c per share for the half year ending 30 June 2018, taking the full year dividend to 6c. The 2018 final dividend will be paid in October 2018.
